## ELECTRICAL AND COMPUTER ENGINEER

Student in department of Electrical and Computer Engineering in Thessaloniki.

Highly motivated, looking to join embedded systems industry, obtain technical skills and develop communication and teamwork skills.

Seeking an opportunity to leverage my work ethic and drive and maximize my learning.

## STUDIES AND CERTIFICATES

### Electrical and Computer Engineering

Oct 2015 - Present

Aristotle University of Thessaloniki, Thessaloniki

Expected to graduate the next 4-6 months.

I have finished the courses and searching for a thesis topic.

## WORK EXPERIENCE

### Frontend Developer Internship

Apr 2019 - May 2019

Pharous, Alexandria, Egypt

Seeking what career to pursue I worked for 2 months as an Intern Frontend developer.

I worked mainly with Bootstrap technology.

## CERTIFICATES

### Writing SystemVerilog Testbenches for Newbie

2021

Followed a course in Udemy to get an idea of a Verification language such as SystemVerilog. You can see the credential in my LinkedIn
